

 **McCARL DENTAL GROUP, PC**
Greenbelt, Maryland

January 23, 2019

To Our Valued Dental Patients:

The McCarl Dental Group family is growing! It is our pleasure to announce that Dr. Richard Duarte has been brought into full partnership. Our dentists have made it their priority to provide the highest quality of dental care since 1938. Dr. Duarte has been an associate at our dental office for almost three years and has consistently demonstrated excellence in patient care. His enthusiasm, professionalism and commitment are characteristics that we are proud to partner with the McCarl Dental Group. We hope you will congratulate him when you see him next!

The patient care schedules of Dr. Clayton McCarl, Dr. Jay McCarl, Dr. David McCarl, and Dr. Dianna Lee will remain the same.

We also want to take this opportunity to thank you, our fabulous dental patients. Our patients have written thousands of online reviews of McCarl Dental Group. We are humbled and grateful for your extremely high approval ratings across our social media hubs.

More about Dr. Duarte...

Dr. Richard Duarte began working in a dental office at the age of 14. He worked during his summer, winter, and spring breaks throughout high school and his studies at the University of Maryland, College Park as a Banneker/Key Scholar. He then attended the University of Maryland School of Dentistry and graduated in 2015 where he served as President of the Hispanic Dental Association and went on a dental mission trip to Central America. Dr. Duarte then continued onto a 1 year Advanced Education in General Dentistry residency through NYU Lutheran before transitioning into private practice.

Dr. Duarte met his wife, Claire Duarte, while at the University of Maryland and they recently welcomed their first child, Brooke. The Duartes have felt like family to the McCarl Dental Group over the past few years since Dr. Duarte started as an associate and we cannot be more excited to make it official!

Best wishes for a wonderful New Year. We look forward to seeing you in 2019!

Your friendly McCarl Family Dentists
